

# New Product - BY50

## Advanced Photocatalyst Technology!

Anti-Viral, Anti-fungal, Anti-bacterial and Deodorizing Solution

### SPECIAL FEATURES

#### 1. Advanced Photocatalyst Technology

The effect of BY-50 / BY50A is the same even in places not exposed to UV lighting.

#### 2. Long Lasting Effect

BY50 / BY50A forms a very thin layer of ceramic on an object with outstanding hydrophilic property when you spray it on. The ceramic layer is never washed away, thus the effect of BY-50 / BY-50A will last from several months to several years. (Depending on the object and conditions.)

#### 3. Completely Eco-Friendly

BY-50 / BY-50A is colorless, odourless and harmless. It is possible to spray on various kinds of materials.

BY50 / BY-50A has passed safety tests by the Japanese Food Research Laboratories Foundation.

### Applications

|   |  |  |   |
|---|--|--|---|
| <p>&gt; House</p> <p>Sick House syndrome<br/>Pet<br/>Smoke<br/>Air Conditioner<br/>Toilet, Bathroom<br/>Kitchen</p>                         | <p>&gt;Renovation</p> <p>Smoke smell<br/>Toilet,<br/>Kitchen,<br/>Bathroom</p> | <p>&gt;Car, Train, Skip, Bus</p> <p>Smoke<br/>Infection control<br/>Sweaty smell<br/>Air conditioner</p> | <p>&gt;Hotel</p> <p>Window<br/>Smoking room<br/>Air conditioner<br/>Kitchen<br/>Shower curtain<br/>Bathroom</p> |
